Starting at 4:30 pm, 150 lucky individuals will enjoy tours of the Organic Farm Operations of Cadiz Ranch, followed by a delicious chuckwagon-style BBQ accompanied by the tunes of “Out of the Blue” acoustic band.

Jet Propulsion Laboratory will have the Mars Rover mock-up on display for a presentation, and astronomers with telescopes will be on hand to explore the brilliant night sky.

The cost is \$25 per person. Tickets are available exclusively through the Twentynine Palms Park and Recreation Office starting on April 1. Call Kary @ 760-367-7562 between the hours of 1 and 6 pm Monday through Friday. Cash, VISA and Master Card are accepted.

Cadiz Ranch is 50 Miles out Amboy Road, approximately one hour's drive from Twentynine Palms, where the last services are available. Guests are encouraged to carpool, and are advised that there will be no pets and no alcohol at the event.

Proceeds will benefit the programs of Sky's The Limit Observatory and Nature Center, a grassroots, all-volunteer organization.
